About Ekklesia

The vision of The Carpenter's Church (formerly known as Royal Evangel Church Ministry) was given to Pastor Charles Omofomah, with the purpose of achieving excellence through the message of power, direction and integrity to his generation and generations yet unborn.

This purpose is to be fulfilled through various arms of the ministry, one of which is the local assembly, The Carpenter's Church. Other avenues of passing this message under the umbrella of the Ministry are Freshdew (TornVeil Television), Broken Wall Healing School, Body Life for Family Meetings, Generation Shift and the online church (tcchurch.online).

Ekklesia: School of Local Church is an arm of The Carpenter's Ministry. It was established in January 2005, with the aim of preparing men and women who sense a call to full-time pastoral ministry in the local church.

The School formally began in January 2005 in an air-conditioned facility on the ministry grounds on Greenville. In 2013, the new school block was completed and dedicated on Sunday 24th March, in loving memory of God's General, Pastor Charles Omofomah, the founding president who went home to be with the Lord on 27th February 2013.

At its inception, the vision of Ekklesia was a School for the "called out ones," a School of Local Church, where someone who sensed a call into the full-time ministry could be trained; a school where 2 Timothy 2:2 could be fulfilled: "And the things that you have heard from me among many witnesses, commit these to faithful men who will be able to teach others also." At that time the focus was to equip men and women for full-time ministry (clergy) based in a local church.

The Vision Expands

At the end of the 2012/13 School Year, the Lord expanded the vision of Ekklesia to include programs that would give Christians who don't have a call into full-time ministry the opportunity to deepen their knowledge of God and provide them with practical hands-on knowledge in certain aspects of Christian endeavour so that they could be effective Christians with results. In order to meet this need, the creation of a curriculum for laity was made. This led to a total restructuring of the curriculum of the school. Thus, Ekklesia now provides instruction on two paths as follows:

LAITY PATH: Here, we equip believers with a deeper knowledge of the Word of God, and practical, hands on relevant knowledge in various aspects of Christian endeavour including service, leadership, music, and business. As Christians, we have "The Blessing advantage" and we are meant to excel in everything we set our hands to. Unfortunately, this is not always what we see. The courses of study on the laity path will equip students to excel and maximize their potential in their areas of interest. Only then can we truly shine as believers in the midst of a dark dying world.

CLERGY PATH: It's a sad sight to see so many sincere young men and women with a call of God upon their lives and yet without any knowledge of what to do next. They wander without purpose and direction because they were never really fully equipped or guided into the most honourable, most rewarding and yet most challenging "job" on earth!

Here, we train men and women for full time pastoral ministry based in a local church. The training is not just theoretical as students have the opportunity to have real practical training in a dynamic, growing, Bible based ministry and mission field. The opportunity to learn and receive impartation at the "feet" of a faculty of men and women of God who have proved their ministries in integrity, simplicity and sincerity over the years is one that the students cherish for a lifetime.

At the beginning of the 2019/2020 school year, the clergy program was spread over two years, with classes held in the evenings of some weekdays (Tuesdays and Fridays) and some Saturdays. This change became necessary in order to accommodate those who would want to be part of the clergy

program but cannot afford to shut down their work in order to school on a full-time basis. With this adjustment, they can work and come to school on a part-time basis. It is our firm belief that with this change that conforms to the realities of our time, more people with a call to the ministry will enrol for the clergy program at Ekklesia.

In the 2023 school year, the school expands its modules to include online learning. The online option will transit gradually starting with some select programs, where students will have the option of onsite, online, or a hybrid of both in select programs.

Our Vision

At the start of each Ekklesia year, we see a picture of the end of that school year.

We see –

Men and women of:

Character

Confidence

Commitment

Courage

Charisma

with a deeper knowledge of the Word of God, and practical, hands on relevant knowledge in various areas of Christian endeavour.

AND

At the start of each Ekklesia year, we see a picture of the end of two school years.

We see –

Simple

Sober

Spiritual

Supernatural

Sincere

Submissive

Stable

men and women fully equipped to fulfill the most honourable calling on the face of the earth – the call into the Ministry of our Lord and Saviour Jesus Christ.

Our Mission Statement

Our mission is to:

Equip believers with a deeper knowledge of the Word of God, and practical, hands-on relevant knowledge in various aspects of Christian endeavour including service, leadership, music and business; enabling them to manifest “The Blessing advantage” and excel in everything they set their hands to.

Train men and women for full time pastoral ministry based in a local church.

We aim to achieve this through intensive training both by instruction and practical involvement and examples from a faculty of seasoned and successful believers and ministers with years of proven integrity in their careers and ministry.

Our focus is the spirit behind each class in Ekklesia rather than the academic prowess of the student where assessments are concerned. We desire that every word taught in an Ekklesia class will be like what our Lord Jesus Christ said in John 6:63.

63 It is the Spirit who gives life; the flesh profits nothing. The words that I speak to you are spirit, and they are life.

John 6:63 (NKJV)

63 It is the Spirit who gives eternal life. Human effort accomplishes nothing. And the very words I have spoken to you are spirit and life.

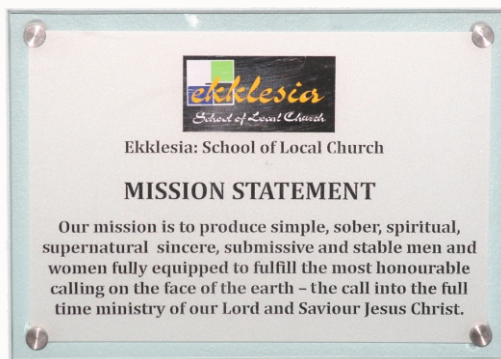

John 6:63 (NLT)

Our Doctrinal Statement

We believe and affirm:

1. In one God who is the Creator of all that ever was, that is, and all that ever will be. And that He is infinitely perfect and eternally exists in three persons: Father, Word and Holy Spirit.
2. In the deity of the Lord Jesus Christ, His virgin birth, sinless life, death on the cross, bodily resurrection, ascension to the right hand of the Father as our High Priest and Advocate.
3. That God gave His only begotten son Jesus that all could be saved and reconciled to God, but that this salvation and reconciliation becomes effective only at one's acceptance and confession of Jesus Christ as Lord and Redeemer.
4. That it is only by the cleansing blood of Jesus that a man experiences the forgiveness of sins. That the remission provides not only spiritual salvation for everyone who believes, but bodily healing and material prosperity as well. That all these are, if we will walk in the light of the redemption with faith in God's word.
5. That the entire Bible is the inspired word of God, with special emphasis on the New Testament and the Prophets as an infallible rule of the faith and conduct.
6. That the true church is composed of all those who are born-again. Through this new birth we are united together in the body of Christ. He (Jesus) is the lord and Head of the Church.
7. In the ministry of and the baptism with the Holy Spirit with the evidence of speaking in other tongues. In the manifestation of the nine gifts of the Spirit and in the five-fold ministry gifts as stated in the scripture. In divine miracles including bodily healing and spiritual deliverance.

8. That water baptism and the Lord's Supper (breaking bread in communion) are ordinances to be observed by the church during this present dispensation, however, they are not to be regarded as means of salvation.
9. Every born-again spirit-filled believer should live a holy life through the renewal of the mind with the word of God and maintain a consistent prayer life. This should be true both in praying with understanding and in the Spirit (i.e. in tongues).
10. In the personal pre-millennial and imminent coming of our Lord Jesus Christ: "The Blessed Hope", has a vital bearing on the personal life and service of the believer.
11. In the bodily resurrection of the dead: of the believers in Christ to everlasting joy with the lord and of the unbelievers to eternal conscious punishment.
12. In the institution of marriage: that marriage was instituted and ordained by God. It is honourable and the bed undefiled. Monogamy is the scriptural standard for marriage. Fornication, adultery, lesbianism, homosexuality, bestiality and all other forms of sexual immorality are forbidden in the life of a Christian.

The Founding President

Pastor Charles Omofomah

Pastor Charles Omofomah, the founding president of Ekklesia: School of Local Church was a full-time minister of the gospel of our Lord Jesus Christ and served as the Presiding Pastor of The Carpenter's Church. Available Programs

Please be informed that the school reserves the right to cancel any program from the School Year, if it does not receive the required minimum number of five students necessary for that program.

Currently, Ekklesia offers different certificate programs for laity students and a diploma program in pastoral studies for clergy. Some of these programs are entirely online and can be taken at one's pace, hence they are known as self-paced programs. Other programs occur based on the School's calendar and they hold online and onsite.

CERTIFICATE PROGRAMS

(Calendar - Based)

Ekklesia offers three different certificate level programs as follows:

- Basic Level – 2 Programs
- Advanced Level 1 – 4 Programs
- Advanced Level 2 – 3 Programs

As seen above, there are 9 laity certificate programs spread over three trimesters. The successful completion of one certificate is as a prerequisite for another certificate in a subsequent trimester.

Students who complete Christianity Basics 1 in the first trimester may proceed to Christianity Basics 2 in the second trimester. Completing Christianity Basics 2 would qualify the student to proceed to Christianity Basics 3 in the third trimester.

Students who complete Christian Service in the first trimester have 3 options to choose from in the second trimester. They may opt for Leadership, Music, or Business. In the third trimester, students who took the Leadership, Music, or Business certificate programs in the second trimester may take Leadership 2, Music 2, and Business 2 respectively.

It is not compulsory for a student to go beyond the First Trimester. Students can choose not to proceed beyond the Basic Level. Students can also choose to defer their movement to the Advanced Level 1 or Advanced Level 2 to

another academic session. The prerequisite Certificates for the Advanced Level 1 and 2 Programs will be valid for three years. However, a student will only graduate when they complete a program.

Onsite classes hold on 7 Saturdays (usually every fortnight) from 9.00 a.m. to 4.00 p.m., over a period of about 3 months.

At the end of each trimester successful students will be awarded with a Certificate in their program.

CLERGY DIPLOMA PROGRAM

The training of students on the clergy path covers six trimesters in two school years.

Each trimester, onsite classes in the clergy program hold on Tuesdays, and Fridays between 5:30 p.m. – 8:30 p.m., and on Saturdays from 9.00 a.m. to 5.00 p.m. The trimester is made up of 7 weeks over a three-month duration.

At the end of the program over two school years successful students will be awarded with a diploma in pastoral studies.

The School is very intensive and demanding for both paths and thus requires a lot of self-drive and self-motivation on the part of students.

What We Offer

We offer a range of diploma and certificate programs that are calendar-based or self-paced.

The calendar-based certificate programs last one year and sessions begin in January, May and September of each year. This means intending students of these programmes have three opportunities every year to apply.

The calendar-based diploma program for clergy lasts for 2 years with sessions beginning only in January.

CERTIFICATE PROGRAMS: Tuition Fees

The school year is divided into 3 trimesters.

For students taking the certificate programs in any of the Christianity Service disciplines (i.e. Leadership, Music and Business) as well as those students taking the certificate program in Christianity Basics, the tuition fee per trimester is N35,000.00 (Thirty-Five Thousand Naira) only. This brings the total fees for the School Year to N105,000.00 (One Hundred and Five Thousand Naira) only.

Upon admission, payment is due before the first trimester begins. However, students may choose to pay the fees in two instalments of N20,000.00 and N15,000.00 with the second instalment due a month after the resumption of

school. Students who fail to pay a month after resumption will pay an additional 20% of the fees as a penalty. Failure to pay fees may prevent a student from writing the Assessments at the end of the trimester, and this may eventually result in the loss of studentship.

DIPLOMA (CLERGY) PROGRAM: TUITION FEES

The clergy program is divided into 6 trimesters spread over two school years. In the first trimester, clergy students will pay N35,000.00 (Thirty-Five Thousand Naira) only as tuition fees. From the second trimester, the tuition fee per trimester is N60,000.00 (Sixty Thousand Naira) only. In addition, the cost of a compulsory mission trip is N40,000.00 (Forty Thousand Naira) only. This brings the total fees for the School Year to N375,000.00 (Three Hundred and Seventy-Five Thousand Naira) only over a period of two school years.

Upon admission, payment is due before the first trimester begins. Subsequently, payment is due before or at the beginning of the trimester. Students who fail to pay a month after resumption will pay 20% on the fees as penalty. Failure to pay fees may prevent a student from writing the Assessments at the end of the trimester, and this may eventually result in the loss of studentship.

SECURITY DEPOSIT (FOR CLERGY STUDENTS ONLY)

Upon resumption, clergy students are expected to pay a refundable fee of N20,000.00 (Twenty Thousand Naira) only as a security deposit. This fee will indemnify the School for any damages the student may cause to its property. If the student caused no damage to the School property, at the end of each trimester the fee will be automatically moved to the subsequent trimester as the student's security deposit for that trimester. Should a student cause damage to the school property the money will be taken from the security deposit, and the balance will be brought forward to the subsequent trimester and the student will be expected to pay the difference. Where there is no balance and/or extra to be paid, the student will have to pay it as well as the security deposit for the subsequent trimester. At the end of the student's program, the security deposit, or whatever is left of it will be returned to the student.

Financial Aid Request Form

Financial aid is only open to applicants on the clergy path. Applicants who think they may have challenges meeting up with the financial obligations may fill this form to make a case for financial aid. Financial Aid requests may be turned down, may result in varying discounts on the tuition and book fees or may result in a complete tuition and book scholarship. Applicants are advised not to make spurious applications for financial aid.

PASTOR TAYO SPENCE
Assistant Pastor
The Carpenter's Church
Port Harcourt
Clergy Student
Class of 2012/2013

I am most fortunate to have been a student of Ekklesia: School of Local Church. To say my life can never be the same is an understatement.

Ekklesia gave me a complete paradigm shift in my values and priorities as a Christian. In Ekklesia, I realised that the most important thing in life is fulfilling the purpose of God for my life and maximizing my covenant benefits here on earth.

Unlike my imagination about a Bible school, I was surprised and excited about our academic work. Every day was full of new revelations and life-changing teachings. My instructors were anointed and dynamic. I was most privileged to learn under Pastor Charles and Pastor Nkechi, my fathers and mentors in the Lord. One of the things Ekklesia taught me is complete and unreserved integrity in all I do. I also learnt that the call to ministry is a noble call and I was taught how to magnify my office as a minister, and rightly divide the Word of truth through an in-depth study of God's Word. I also learnt that in order to achieve excellence, I must have a zero tolerance for mediocrity.

Our instructors were disciplined, and discipline was the rule of thumb for every student. Our academic/spiritual work was very demanding, but if you ever felt weary and overwhelmed by the work load, a second look at our relentless and tireless instructors who have heavier work schedules will cause your seeming work load to pale into insignificance. Our instructors were simply amazing and stood as our role models for service to God.

PASTOR HELEN NWUZI
Business Student
Class of 2014/2015

I am a self-motivated, enthusiastic Christian woman. I am an entrepreneur and operated an SME for years before co-founding Haddocks Marine Services Ltd., with my husband Chima Nwuzi. We have two lovely daughters, Chikanka and Chimdindu, and a delightful son, Chijiako.

Ekklesia Business course opened my eyes to the exact way Christians should conduct their businesses. Business ethics was the peak for me. I learnt that possessing ethical value is an outward sign of an unshakable faith in God.

The personal testimony of our instructor Engr. Emeka Ene is a great faith booster. Now, I'm confident of God's favour on every effort I make. Ekklesia School is just awesome. For instance, Christian Character and Servanthood teaches on love and humility, while Little Beginnings encourages you to keep at what you're doing no matter the challenges that seem to suggest you aren't making progress. Today, I'm well furnished with necessary tools to stand out and be successful in my endeavours.

PRECIOUS AWAJINOM
Business Student
Class of 2014/2015

Having a communications background and work experience in the non-profits and real estate, the Ekklesia certificate in business was a wise choice.

One thing that sets Ekklesia apart from other schools is its emphasis on values, and its ability to bridge the gap between the sacred and secular divide. We were taught the traditional foundation needed for starting up and managing a company well and the importance of blending in creativity and innovation in order to remain relevant in the future, and all these were rooted in godly principles. The culture at Ekklesia is one that highly regards excellence both personally and professionally. The teamwork at Ekklesia gave me the opportunity to form great relationships with instructors and course mates who still provide valuable support.

FELICIA SAMUEL
Leadership Student
Class of 2014/2015

I work full time, I'm a wife and mother, so getting into Ekklesia was a sacrifice, however it was worth it all.

I started Ekklesia with a lot of anticipation and I was not disappointed. The course content was rich beyond what I expected; they were fully researched. I had to prepare for each class, knowing that my teachers were

also coming well prepared, having put in time and effort to bring a rich content. I remember being asked by my husband if I had assessment every school day, because I endeavored to come to class prepared to meet the prepared teacher. One of the things that was reinforced for me in Ekklesia is that as a professional in whatever field, you are first and foremost a Christian, and your profession should and would be enhanced by living out Christian principles such as exemplary character, charisma, service, faithfulness etc. You have to lead yourself successfully before leading others.

AUGUSTINE GIDEON UBONG
Music Student
Class of 2014/2015

The steps of the righteous are ordered by the Lord and indeed they are. My coming to Ekklesia transformed my life and gave me direction for my God-given purpose.

I came into Ekklesia at a point in my life where I had so many questions because I wasn't at peace with the teachings I used to receive then.

The knowledge of God's Word I had received formerly

was challenged and I would leave each class dazed at the depth of God's Word taught. Some of our classes had great times of prophecy by Pastor Nkechi Ene and Pastor Sola Akinwale. On two occasions, those prophecies were directed to me and really positioned me in my decisions.

Our Music instructor, Mrs. Namsey Okung, was amazing. Learning under her was fun and interesting, and I was always looking forward to the next class.

I finished my Ekklesia year equipped with great knowledge of my music ministry and I thank God for leading me to Ekklesia.

ULOMA CHINKE
Leadership Student
Class of 2015/2016

I applied to Ekklesia: School of Local Church after the deadline, but God brought it together and made it possible for me. Learning in class was different from regular academic exercise. Our instructors were not just limited to a lesson-plan but were open to the move of God. They were passionate about what they taught. They are men and women of practical faith who

inspired us by their lifestyle. I attended each class with great expectation. Our Evangelism class taught me to recognize and take advantage of opportunities to share my faith in simple but effective ways. Christian Character was the bomb! I understood whose image I was. I desired more to live a life of integrity. I learnt to pray right with fewer struggles and guaranteed answers. Grace and Faith course was the icing on the cake! I applied the lessons I learnt in my secular life. I took baby steps at improving one aspect of my life after another and gradually became a better person.

Ekklesia wasn't just a teaching school but a training school where I learnt to apply God's Word. Ekklesia is a family-oriented school where you feel you are part of something bigger than yourself. God has used my time in Ekklesia to prepare me for amazing and greater times ahead.

JOSEPHINE ENEKOLE AITAFO
Business Student
Class of 2015/2016

My experience in Ekklesia has been truly awesome! I thank God for every single day has been life transforming, and to think I almost missed joining this class, but for the grace given by Pastor Nkechi for late registration.

Our first semester was an eye-opener! There was so much I didn't know. Thank God for our wonderful instructors who were able to patiently teach us God's Word, precept upon precept! All the courses were wonderful especially the class on Christian Character.

After our first semester assessments, I actually said to myself that if I was asked to repeat any course, I wouldn't feel bad because it would be such a blessing to sit through the class a second time!!

Second semester was amazing! In our business class, we received not only classroom instruction, we are actually mentored. As a Christian entrepreneur, I am being equipped with what it takes to be successful! Prayer Basics was inspiring. At every class, we are imparted with grace to be all God has called us to be.

Now I look at Scriptures differently! I find myself actually interested in reading between the lines and digging deeper. I listen to messages more keenly than ever before.

STEPHENSON OGBOBULA

Business Student
Class of 2017/2018

I am married and blessed with three wonderful kids. I hold a bachelor's degree in Geology and a postgraduate diploma in Petroleum Engineering. I have also developed a career in oilfield formation evaluation (Coring Services) as a field engineer, consultant, and entrepreneur.

My time at Ekklesia has been a period of enrichment, impartation, and transformation. I now have the desire of manifesting the virtues of character, confidence, commitment, courage and charisma in every area of my life.

The Dynamics of Business course which was my major was a novel experience, as we were not only exposed to the core aspects of business, but also gained some practical tips from our instructor, Engr. Emeka Ene, an experienced and iconic figure in the oil industry.

I want to extend my heartfelt appreciation to the faculty of the school for their simplicity, excellence and commitment throughout the school year.

PRECIOUS CHRIS

Leadership Student
Class of 2017/2018

I am a wife and a microbiologist.

My experience in Ekklesia has been a life changing one, which taught me a lot of things. Being conscious of my leadership potentials and needs, I realized the necessity to sharpen and broaden my leadership skills, and Ekklesia was and is the best place for that.

I found out about Ekklesia from my brother who is a member in TCC, and after I enrolled in the school, I have had no regrets. My character as a Christian has been strengthened. I am more aware of how to be a leader. Generally, the expectations I had for Ekklesia were exceeded. I am already putting my acquired knowledge to work in every aspect of my life.

I want to thank all my instructors for their impartation, their time and walking this journey with me; I can never take it for granted. I am sincerely grateful.

PASTOR DERRICK ISAAC-ISELOBHOR
Business Student
Class of 2018/2019

I am a medical doctor by training, working as a health management specialist having previously worked as a clinician. In my formal training as a medical doctor, business and management weren't learnt formally. A desire for personal development and the testimonies shared by alumni made the decision to enrol in Ekklesia easy.

Ekklesia has more than fulfilled the desires I had in mind when I enrolled. It demystified the concepts of entrepreneurship; taught that being a Christian and an ethical businessman in Nigeria was achievable; reinforced the power of character and so much more. The course content is rich, and the instructors have a real desire to impart knowledge.

My classmates were a unique group of people who made this journey all the more memorable as their individual uniqueness shone through making classes lively, group projects interesting and fostering bonds that will surely outlive our school year.

DORMENE MAEBA
Leadership Student
Class of 2018/2019

I have an engineering background and currently work as an environment, health and safety specialist. I am married and blessed with four beautiful children. My time at Ekklesia was a very special one. The Distinctive Leadership course revolutionized my approach to leadership. It showed me how to lead according to God's standards and that leadership can

be learned and perfected.

Amongst other things, servant-leadership gave me a clear insight that the key to true service is humility. I have applied the principles learnt in my family, local church and at work and I achieved great results.

The instructors were dedicated, and I looked forward to every class because I was always impacted positively.

I thank God for this great opportunity to get the tools to be excellent in everything I do, and I do not take it lightly.

NNEKA LILIAN OKAFOR
Business Student
Class of 2019/2020

I am an electrical/electronics engineering graduate with almost twenty years experience in the Nigerian oil and gas industry. I am also the Chief Executive Officer (CEO) of Pink Flamingo Farms.

I first met the Lord as a teenager in the university and my life has since been forever transformed. My love and passion for God and a desire to know Him more drives my life and direction and also influenced my decision to attend Ekklesia.

From my very first day in class, I felt the transforming impact of this decision. It was amazing to behold how deep spiritual truths are taught with world class academic standards. Within the vast and rich curriculum, I learnt the precepts of Christian character, and that I can achieve high flying entrepreneurial success in the Nigerian business environment while still remaining an uncompromised and ethical believer.

I am married to Pastor Chuks Okafor and we are proud parents.
